SUMMARY

Results-driven Full Stack Developer with 2+ years of experience in React, Next.js, Vue.js, Node.js/Express, Tailwind, and Bootstrap. Skilled in building RESTful APIs, responsive frontends, and managing MongoDB/MySQL databases. Developed a competition platform independently, enhancing full-stack and backend expertise. Currently working on an Inventory Management System, leveraging problem-solving and AI tools to optimize development. Seeking to deliver robust, user-focused web solutions.

TECHNICAL SKILLS

- Back-End: Node.js, Express.js
- Front-End: Next.js (Composition API), React.js (Redux, Hooks, React Router), JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, Bootstrap, ShadCN, Framer Motion
- Databases: MySQL, MongoDB
- APIs & Tools: RESTful APIs, JWT, Postman, NPM, Git, GitHub, Cloudinary
- Cloud & Platforms: Firebase

PROFESSIONAL EXPERIENCE

Full Stack Developer at Afterrender

Sept 2025 - Present

- Portfolio Projects: Delivered 15+ fully web-ready projects demonstrating modern JS frameworks, Next.js, and responsive design with Backend.
- Competition Platform: Built a full-stack platform where users buy tickets to enter competitions; handled backend and frontend independently.
- Inventory Management System: Developing a robust IMS with real-time updates and scalable architecture using Next.js, Node.js, Redux, ShadCN, Express and MySQL.

Frontend Developer Remote Intern at DealSwipe (INDIA)

March 2024 - July 2024

- Assisted in developing core features of a web application using Next.js and React, focusing on clean code and reusable components.
- Implemented email functionality and secure password reset using NodeMailer, enhancing user account management and security.
- Built and integrated RESTful APIs for data handling between frontend and backend.
- Worked on user authentication and authorization using Nodejs Passport and middleware.
- Collaborated with the senior development team through GitHub for version control and project updates.
- Gained hands-on experience with Tailwind CSS, improving frontend layouts and responsiveness.

EDUCATION

Expertizo University

- Expertizo Computer Education, Karachi A comprehensive 1-year diploma program focused on software development, database management, and enterprise application development. [2023 – 2024]
